PERMIT APPLICATION PUBLIC NOTICE**

**February 27, 2009**

**Permit Number:** OCRM-08-201-T  
**Permit ID:** 64342

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Mr. William Boggs  
C/O Seven Seas Marine Construction Inc.  
PO Box 991  
Murrells Inlet, SC 29576

**LOCATION:** On and adjacent to Winyah Bay at 2301 South Bay St, Georgetown, Georgetown County, South Carolina. TMS#: 05-0044-068-01-00.

**WORK:** The work as proposed and shown on the attached drawings consists of constructing a dock. Specifically, the applicant seeks to build a 4' x 500' walkway leading to a 16' x 24' fixed pierhead with a 12' x 16' section being covered. Ebb side of the pierhead a 3' x 16' gangway will provide access to a 10' x 20' floating dock. Flood side of the pierhead a 12' x 12' four-pile boatlift is proposed. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

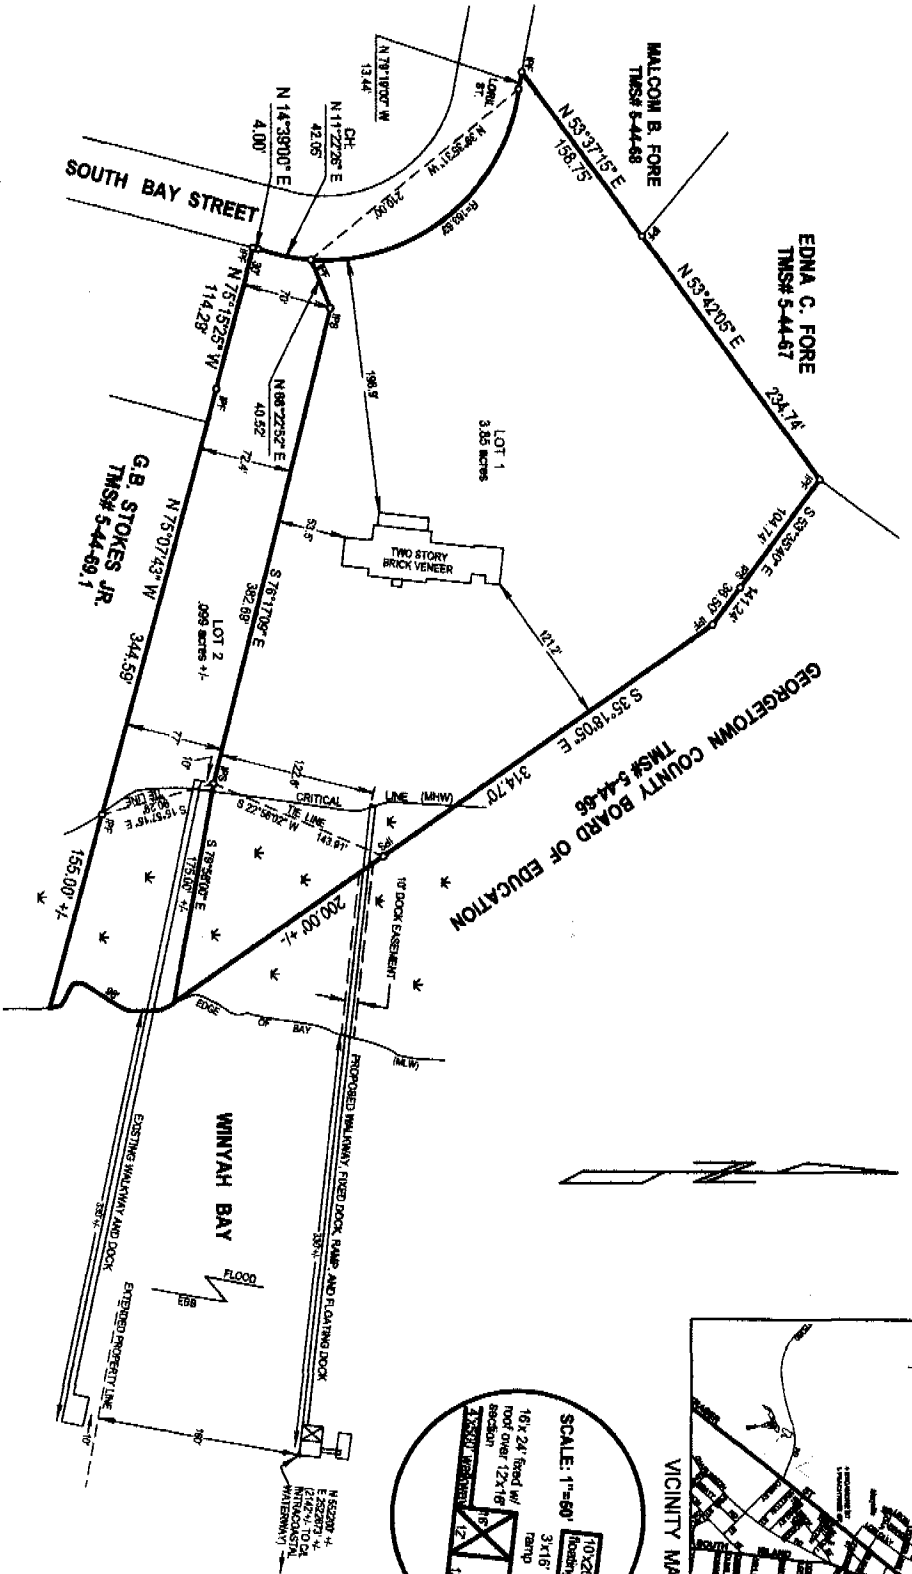

***To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 14, 2009. For further information please contact the project manager for this activity, James Trumbull at 843-953-0218.***
